

## Revision List

### Year 11 Mathematics Examination

**Unit 1:** Mathematics (*without* a calculator)

**Unit 2:** Numeracy (*with* a calculator)

**Length of each paper:**

Foundation Tier: 1 hour 30 minutes

Intermediate and Higher Tiers: 1 hour 45 minutes

**Resources:** You will require a *biro, pencil, calculator, protractor, compass and ruler.*

Year 7				
Welcome to Ysgol y Creuddyn	Introducing Angles	Data Handling and Statistics 1	Introducing Percentages	Co-ordinates in the Four Quadrants

Year 8				
Factors and Multiples	Introducing Algebra	Measuring Shapes 1	Data Handling and Statistics 2	The End of Year 8

Year 9						
Parts of a Number	Measuring Shapes 2	Developing Algebra	Data Handling and Statistics 3	Working with Money	Straight Line Graphs	Movement with Sphero

Year 10						
Data Handling and Statistics 4	Powers and Roots	Measuring Shapes 3	Fractions, Percentages and Decimals	Developing Algebra 2	Measuring Solids	Accuracy of Measurements

### How to revise for the examination...

1. Write a *revision timetable*.
2. Read your *revision books*.
3. Watch the *revision videos* on YouTube, answering the questions at the end of the videos.
4. Try the questions at [www.diagnosticquestions.com](http://www.diagnosticquestions.com).
5. Try the *past examination papers* on the school website / [www.mathemateg.com](http://www.mathemateg.com).
6. Read your *red books*.
7. Read the *workbooks*.
8. Read over the *end of unit tests*, and the *reflection sheets*.
9. If you are unsure, ask your *mathematics teacher* for help.
